

THE TETRA CORPORATION

## Rescue Your Nails with Myrrhage®!

Weak, brittle, or discolored nails can be seriously unpleasant, and unfortunately, they're also quite common. In an effort to correct that problem, the team at [The Tetra Corporation](#) is offering a brand-new solution: [Myrrhage®](#), [the natural answer for healthier, stronger nails](#).

### What's In It?

Infused with the power of nature, [Myrrhage®](#) is a plant-based serum that simultaneously nourishes and revitalizes your nails. It contains:

- Sorbitan Oleate Decylglucoside Crosspolymer, which has cleansing and emulsifying traits.
- Commiphora and Myrrha (Myrrh) Resin Extract
- Citrus Limon (Lemon) Extract
- D-limonene, a naturally occurring compound primarily found in the peels of citrus fruits like oranges, lemons, and grapefruits

This unique blend of essential oils and extracts works to:

- **Strengthen** brittle nails
- **Promote growth** for longer, stronger nails
- **Deeply condition cuticles** to prevent dryness
- **Gently whiten** yellow or stained nails

With regular use, [Myrrhage®](#) will transform your nails, leaving them looking and feeling their best. Aside from the aesthetic benefits, our formula is also packed with **antioxidants**, and its **anti-inflammatory and antimicrobial properties** can also **protect your nails from damage**.

### How Does it Work?

The magic lies in our key ingredients, and while each one is crucial, two essential oils do quite a bit of the heavy lifting.

- **Myrrh Essential Oil:** Known for its nail-strengthening properties, myrrh helps prevent breakage and promotes healthy growth.
- **Lemon Essential Oil:** Naturally brightens nails, removes stains, and infuses them with vitamin C for added strength.

Simply apply [Myrrhage®](#) to your nails and cuticles once or twice a day, massaging gently for optimal absorption, then watch as they become stronger, healthier, and more beautiful over time.

### Experience the Myrrhage® Difference

Like all Tetra products, [Myrrhage®](#) is dispensed exclusively by physicians, so get in touch with your doctor today to find out if it's right for you! Wondering where the nearest provider who can help might be? We've got you covered. Use our [Find a Doctor](#) tool to quickly locate a medical professional who can provide this product.
